Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have tried other "versions" of
progesterone — none work for me like
Madison Pharmacy's version. Large
companies have plenty of the market —
let people receive what they want and
what works for them! To me, being
able to sleep and be happy during 2
weeks each month. doesn't seem like a
huge request — does it?
